# Hendricks Public School...

working with families to achieve educational greatness.

*Alone we can do so little; together we can do so much ~ Helen Keller*

Every child at our school is expected to achieve at high levels when it comes to academics. We are committed to providing academic excellence as well as guidance and support to meet our individual student's needs.

## Our Staff

Our staff is comprised of a wonderful blend of skilled veterans and fresh, energetic teachers. These teachers collaborate to create an integrated learning environment that is full of energy and uses cutting edge learning strategies.

Hendricks Public School District puts our students first. We believe that a quality education is the first building block to success in life. Our curriculum choices are based on the latest research studies. Our recent curriculum additions include: Singapore Math, Daily 5, Guided Reading, and other research based curriculum enhancements. With obesity at epidemic levels, we believe that each student should and does receive individual health attention and instruction. We feel that our school provides the best education and support possible for our students.
